

Planning Policy

For planning applications received during the time between meetings, when the date for reply falls before the next meeting, the Clerk will email all councillors with details of the Planning Application (reference no, brief description and a link to the actual application) After allowing 7 days for a response from councillors, the Clerk will have delegated responsibility to respond to GYBC, as Hemsby Parish Council, with a decision based on the email feedback received from councillors.

A Councillor retains the right to 'VETO' this process by requesting the Planning Application goes before full Council. To do this the clerk must be advised (email/ telephone) of the request within the 7 day response time.
