

## Social Club Report 2021

The club is doing well despite the covid restrictions, we had to close last March and were closed for just over 3 months, in that time we redecorated the club throughout and prepared for our own sign in system for our members as well as the government track and trace system, we reopened in early July and had a very good summer, thanks to the weather. We have managed to do table service for all our members which has gone down very well. Obviously we had to close again in November and although some restrictions were lifted in December as we are a wet led club we were unable to reopen due to strict government guidelines, we hope to reopen on May 17th both inside and out,( we have been closed for 10 months over the last 14 months) we have 1500 members on the books now, and have decided to carry last years membership over to this year, as we feel that due to so much closure our members have not been able to visit us as much as they would have liked.

We have added a book exchange while we have been closed and have been able to carry on with a Christmas and Easter meat raffle for our members, we have lots planned for when we reopen and restrictions begin to slowly lift, we pride ourselves on being a place where our members receive a warm welcome and we have many older residents that look forward to somewhere warm to meet their friends and families.

Thanks

Wendy
