

Dear Kerrie and Hemsby Parish Council

The Steering Group are currently working on producing a questionnaire for the village. We have been contacted by Coastal Partnership East and Icarus regarding this. They are in the process of producing a questionnaire and we have decided to collaborate on this to make delivery easier with the current difficulties due to Covid19. This will not incur any extra costs to us and will be of great benefit to the village in terms of delivery , information sharing and aspects of the plan. This is expected to be completed in the near future.

We have received quotes from 2 companies regarding project management of the plan. We sent both of the quotes to you for your information. The Steering Group have decided to choose Collective Community Planning as they can meet the needs of the plan and are within the Locality funding budget. With approval of the Parish council we will notify the company and immediately start the funding application process.

We have also set up a Facebook page to provide information and updates to the village. It is Hemsby Village Neighbourhood Plan. Also our email address is Hnnsteeringgroup@gmail.com.

Hope you are all keeping well and safe and we will update you at the next PC meeting.

Kind Regards

Tracy Foster on behalf of
Hemsby Neighbourhood Plan Steering Group
